

Technical drawing of a rectangular object with tapered sides and a base. Dimensions are given in inches.

- Top width: .85
- Total height: 2.00
- Height of main rectangular body: 1.50
- Base width: .14 (consisting of a .09 wide central section and .15 wide side sections)

Technical drawing of a stepped cylindrical part. The drawing shows a cross-section of the part with the following dimensions:

- Overall height: 1.92
- Height of the upper section: 1.50
- Radius of the upper section: $\frac{1.11}{2}$
- Radius of the lower section: $\frac{0.7}{2}$
- Radius of the base: $\frac{0.30}{2}$
- Radius of the central hole: $\frac{0.25}{2}$

A diagram showing a rectangle with a vertical dimension of 1.20 and a horizontal dimension of .85. Below the rectangle, there is a separate dimension of .15, which is the height of a smaller rectangle shown to the right.
